Accurate Record Keeping in Healthcare is Essential

Every Athletic Trainer knows that, when it comes to recording injuries and treatment plans, if it's not written down it didn't happen. **SportsWareOnLine**, the most popular injury tracking program since 1991, lets you instantly track injuries the moment they happen.

Crucial Data is Always at Your Fingertips

SportsWareOnLine allows the you to instantly access vital information from any web-enabled device. No more file folders, paper forms, or struggling to translate cryptic notes hours after the fact:

- Record injuries and treatment notes in real time
- Access crucial data—such as emergency contacts, allergies, medical alerts, and concussion history—the moment you need it
- Spend less time on paperwork and more time taking care of your athletes

Streamlined Access for Parents and Coaches

SportsWareOnLine includes a pre-participation module that allows parents to enter their athlete's information directly into **SportsWareOnLine**, eliminating the need for endless paper forms. Coaches can access player status, roster, and travel reports, plus much more. Never lug a cumbersome stack of files on the team bus again!

*Since 1991, more Athletic Trainers have relied on **SportsWare** than any other injury tracking program.*

Pre-Participation Portal Saves Time and Expense
Collecting critical data from your athletes is one of the challenges every Athletic Trainer faces. **SportsWareOnLine's** Pre-Participation Portal enables athletes and their parents to log on and enter their information directly, freeing the Athletic Trainer from the endless cycle of mailing and chasing forms. Simply upload PDFs of the documents you require and let the athletes and their parents do the rest.

Mobile Access for Real-Time Injury Tracking
With **SportsWareOnLine's** mobile site, the Athletic Trainer can update an athlete's records from the sidelines on any web-enabled device. Track injuries and important notes "on the fly" without ever leaving the playing field. Not only will your records be more accurate than ever, they're faster and easier to access. And if you or a coach needs an athlete's emergency contacts or crucial information from their medical records, it's all there in the palm of your hand.

More Features to Optimize the Athletic Training Room
